Il progetto Ricarica 101 unisce un gruppo selezionato di eccellenze italiane dotate di colonnine di ricarica Repower. PALINA, progettata da Italo Rota e Alessandro Pedretti, è lo strumento per auto elettriche dal design inconfondibile che unisce più di 300 strutture horeca, tutte attente alla sostenibilità.

Ricarica 101 project gathers a number of selected Italian excellences which have a Repower charging station. PALINA, so peculiarly designed by Italo Rota and Alessandro Pedretti, is the tool for electric cars that brings together more than 300 restaurants, all attentive to sustainability.
